Dear Friends:

The Norwich Community Development Corporation regrettably announces the passing of Jason Vincent, President and Executive Director of NCDC. We are greatly saddened by the tremendous loss of his presence, guidance, and inspiration.

Despite these trying circumstances, NCDC will continue its mission of steadfastly supporting and guiding the many businesses and organizations within our diverse community. NCDC will continue to be a dedicated source of economic development programs, resources, and expertise.

Our entire organization will continue to support Jason's vision through thoughtful, creative, and equitable administration of our duties and responsibilities.

During the interim while we search for a new President, our staff remains available to assist you and answer any questions you may have: Mary Riley, Community Manager at mary@askncdc.com and (860) 884-3675; Lee Ann D'Ambrosio, Executive Assistant at leeann@askncdc.com and (860) 887-6964 ext. 102; and Devin Schleidt, Consultant at dschleidt@askncdc.com and (860) 324-0743 (cell).

We are grateful for your continued support of NCDC and Foundry 66.

Sincerely,

Robert Buckley
Chairman, Board of Directors
NCDC
